YOUR DONATION AT WORK

Innovator: Nurturing advanced approaches to better address our community's challenges.

ACADEMICS FIRST

Finding reliable childcare is a critical issue for families in any community – especially beyond the standard hours of operation.

Most childcare centers struggle to fund administrative positions that are vital to keep them running. United Way funds a crucial full-time position responsible for the day-to-day operations of the region's only licensed extended-day childcare center, Academics First. academicsfirstutica.org

Connector: Bringing people and resources together to get the work done.

VOLUNTEERS UNITED

Non-profits do more with the help of volunteers.

Volunteers United amplifies the power of volunteering in a new way. This platform better links individuals and groups to local volunteer opportunities to use their skill sets and passions to make a difference.

This free and easy-to-use online platform makes working together easier and more effective – creating an increased impact. volunteersunitedmv.org

Problem-Solver: Leveraging our extensive network to make a greater impact.

RIDE UNITED

Better access & transportation to medical care.

Ride United is more than just a ride. United Way MV leveraged a national ridesharing partnership to bring free, safe, and reliable transportation to and from medical appointments for local residents. unitedwaymv.org/rideunited

Connecting our community to help when they need it.
